

**Rega turntable wall bracket adaptors.**

Designed to fit the Rega turntable wall bracket. These three adaptors allow both the RP8 & RP10 turntables (including the surround) to be mounted directly on to the Rega wall bracket. Optional rubber cup pads included. Simple push fit.

**RP8/RP10 Rigid foot mount.**

Designed to fit the RP8 and RP10 turntables these solid aluminium feet replace the factory fitted inner plinth feet. These will offer a subtle change when the turntable is mounted on various surfaces.
